## Experiments in Hypnosis

PUNK GLOBE--the deadline for submitting any artwork, photos or commentary is the 27th of every month. Send them to Ginger at 734 Bush St. #36,

S.F. 94108

DEMONSTRATION!!! KPFA, a listener-sponsored, supposedly progressive station has broken two promises to give punk music decent airtime. It does so out of ignorance and because they think we're disorganized chumps! At 12 noon, on Wednesday, April 18 outside of the station 2207 Shattuck, Berkeley. There should be a big turnout, especially by the musicians. Stand up for your music!

ANGUISHED SLEEPER struggles to unclasp his hands, but cannot do so until the experimenter tells him he can. As in the three

other experiments pictured on this page, the sleeper's response to suggestion does not differ from those observed in hypnotic subjects.

The album recorded live at the Deaf Club is being mixed at present for a release sometime in May. On it will be Mutants, Pink Section, Dead Kennedys, Offs, Metro(KGB) and Tuxedo Moon.

No one is quite sure what's happening with the Deaf Club. The police will not allow any more shows until it's soundproofed (due to numerous noise complaints). The deaf people, who want to keep the revenue, have offered to pay for it, but work has not yet begun.

that I said or anything that you did. . . . Everything is fading away like a dream." When the subject awakes he is asked what he

remembers about the experiment. Though he tries hard to remember, he finally answers: "I don't seem to be able to recall anything."

Solidarity springs from violence: On St. Patrick's Day at the Elk's Lodge in Los Angeles, over 60 members of the L.A. riot squad invaded the club during a Zeros/Go-Gos gig and started ruthlessly beating and clubbing people. There were helicopters and even sharpshooters on the roofs of adjacent buildings. There were MANY injuries and the L.A. scene has really gotten it together, having press conferences with the LA Times and CBS. Most of the injured people are suing the police and people are uniting in their response to this horror tale of brutality.

NEW RECORDS: Richard Hell single, Doll by Doll, Flying Lizards, Stiff Little Fingers LP, Snooky Tate's EP---all available at Aquarius, S.F.

ANESTHESIA DURING SLEEP is brought on as in hypnosis. The subject's fingers do not respond to the pinch until

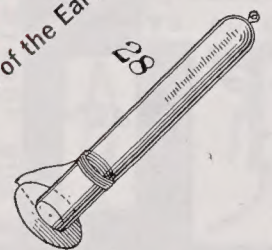

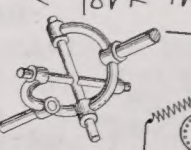

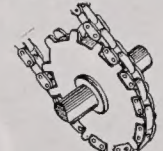

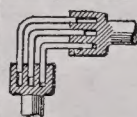

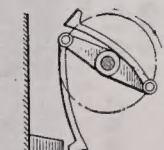

he is told, "The sensitivity is back now." The subject wore glasses because he thought he might awake during the experiment.

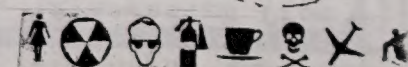

This month's calendar is pretty vacant compared to last month's. Make something happen yourselves!

Instead of waiting for mutations to appear, breeders can speed this process by the use of radiation and chemicals.

BABETH has returned for a short spell bringing stimulating news from Berlin, Cologne, Dusseldorf, Paris and London. New bands and new artists doing new things everywhere with much interest expressed in the West Coast scene. Babeth showed her films and some Target videos of Mutants, Offs, and Screemers to an excellent reception. Also news of a "SUS" gig going on in London this month. This is in response to a new law passed in England whereby anyone (and you know what that means) can be held in jail 30 days or longer only because they are suspected of something illegal. Pop Group and the Red Crayols are playing a benefit to help the victims of this law. The U.S. may be next; take a look at SR 1437! This law has been on the books in Germany since 1971. S.F. EXPORTS--Vicki, Silkie, Jack "DFDB" Perkins, Joe & Jill Target, and recently, the Offs have been staggering around N.Y.C. lately in search of New York, a few hours of sleep, and as always, the ultimate FUN!

Robert Hanrahan has just returned from N.Y.C. The Offs got a tremendous reception in spite of the lack of Vital Don Vinyl. Unconfirmed rumor has it that one of N.Y. clubs had a benefit for Don's medical expenses. Lots of jamming going on among the N.Y. bands, after-hour clubs. Plans are to re-open the Deaf Club in mid-May!!!! Be alert for publicity.

TOUR NEWS: The Dead Kennedys leave Sun., June 45, including California Uber Alles, playing N.Y., Philadelphia, and Boston. The off's leave in the second week of June. Their new 45, Blacks are Bigots c/w Zero Degrees will also be out sometime this month. New York are also out on a major tour of Canada and the East Coast winding up in VS. is off to L.A. at the end of June to play with Bags & Middle Class.

NEW RECORDS at Aquarius... Tubeway Army LP, Only Ones, a compilation of out-of-print singles and never-released songs called Rere Stuff, a Plugz LP, an electronic LP by J.J. Burnell of the Stranglers called Eumaman, and a Rezillos EP. Look for the new Icky 45, "I'm Bored". Also, with some luck, the Mutants' EP should be out the second week of June.

JUBILEE is now playing every Saturday night at midnight at the Roxie.

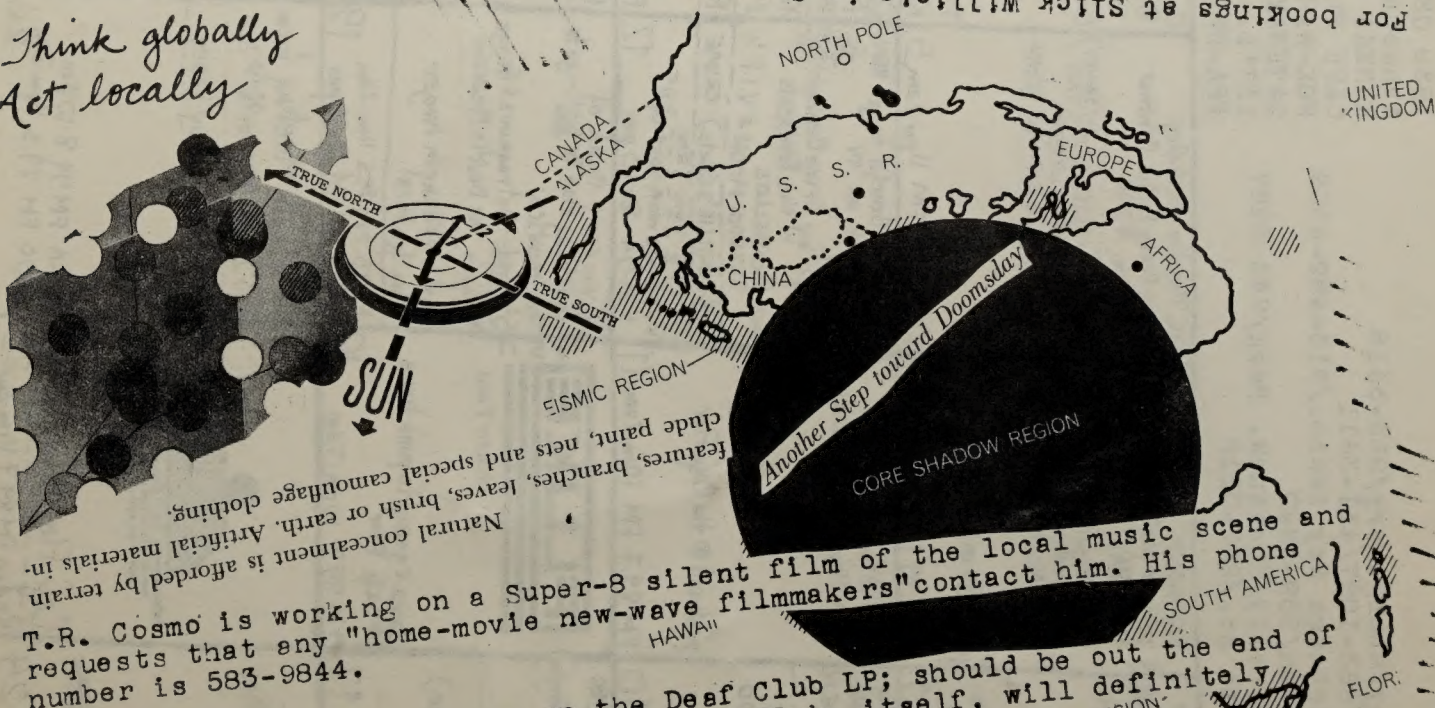

Situations and Pink Section played on Sat., May 26 to an audience of over 300 at the Pacific Coast Deaf Bowling Convention which took place at the Dunfys Motor Lodge in San Mateo. The P.A. system blew out, so they lip-synched the vocals; it didn't phase the deaf dancers in the least.

Lots of excellent new printed subversion going on in Austin, Texas in the form of SLUGGO magazine. I strongly urge you to send them 70¢ per issue for great news and inspiration to remind us of what our scene was at the epitome of frenzied energy. Address is SLUGGO, P.O. BOX 755, Austin, Tex. 78767

On the 29th of May, the Mutants played to a totally catatonic audience at Slick Willie's, a club in Sacramento. Highlight/nightmare come true of the evening was when Sally won the Linda Ronstadt look-alike contest!! Her prize??--2 tickets to the Sacramento State Fair. Brendan received the runner-up award for the Jerry Brown look-alike section! Is it true that all rattlers look alike??

For bookings at Slick Willie's in Sacramento, call Rob Fauble; 916-482-4509.

T.R. Cosmo is working on a Super-8 silent film of the local music scene and requests that any "home-movie new-wave filmmakers" contact him. His phone number is 583-9844.

Much frantic work is going on on the Deaf Club LP; should be out the end of the month. And for the curious, the Deaf Club, itself, will definitely reopen in the fall, but not until then.

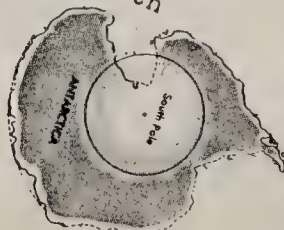

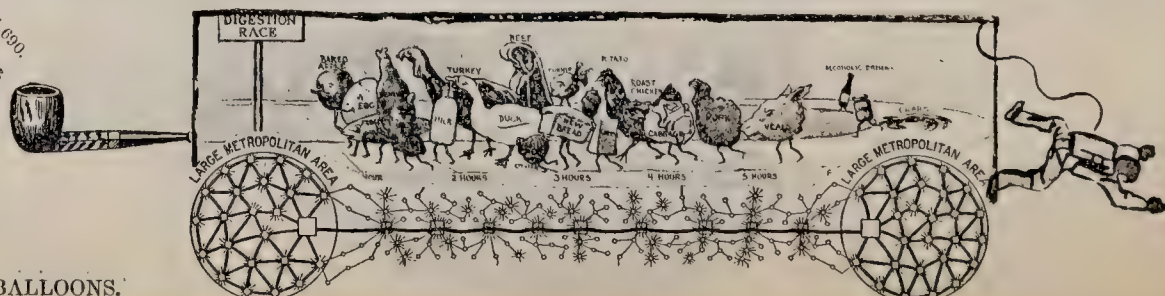

Support the benefit at the Mab, June 12-Help get the real music on TV. Starts at 8:30 with free food. Bruce Conner's movies, the Residents' movieplus the Mondellos, Tuxedo Moon and the V.I.P.'s.

Get ready for Target Videothetre!! Target is moving their base of operations to San Francisco and is starting a videotheatre (the first on the West Coast) which will be open to the public on August 1. They also plan on holding after-hours shows. No more alarm at 2 a.m.

Dead Club's reopening is slated for August 1, complete with sprinkler system and espresso machine. Plans at this point are to have the club open on Tues., Wed., & Thurs., with records as a hangout and have shows on the weekends.

NO BABIES!!!  
SUMMER OF 79

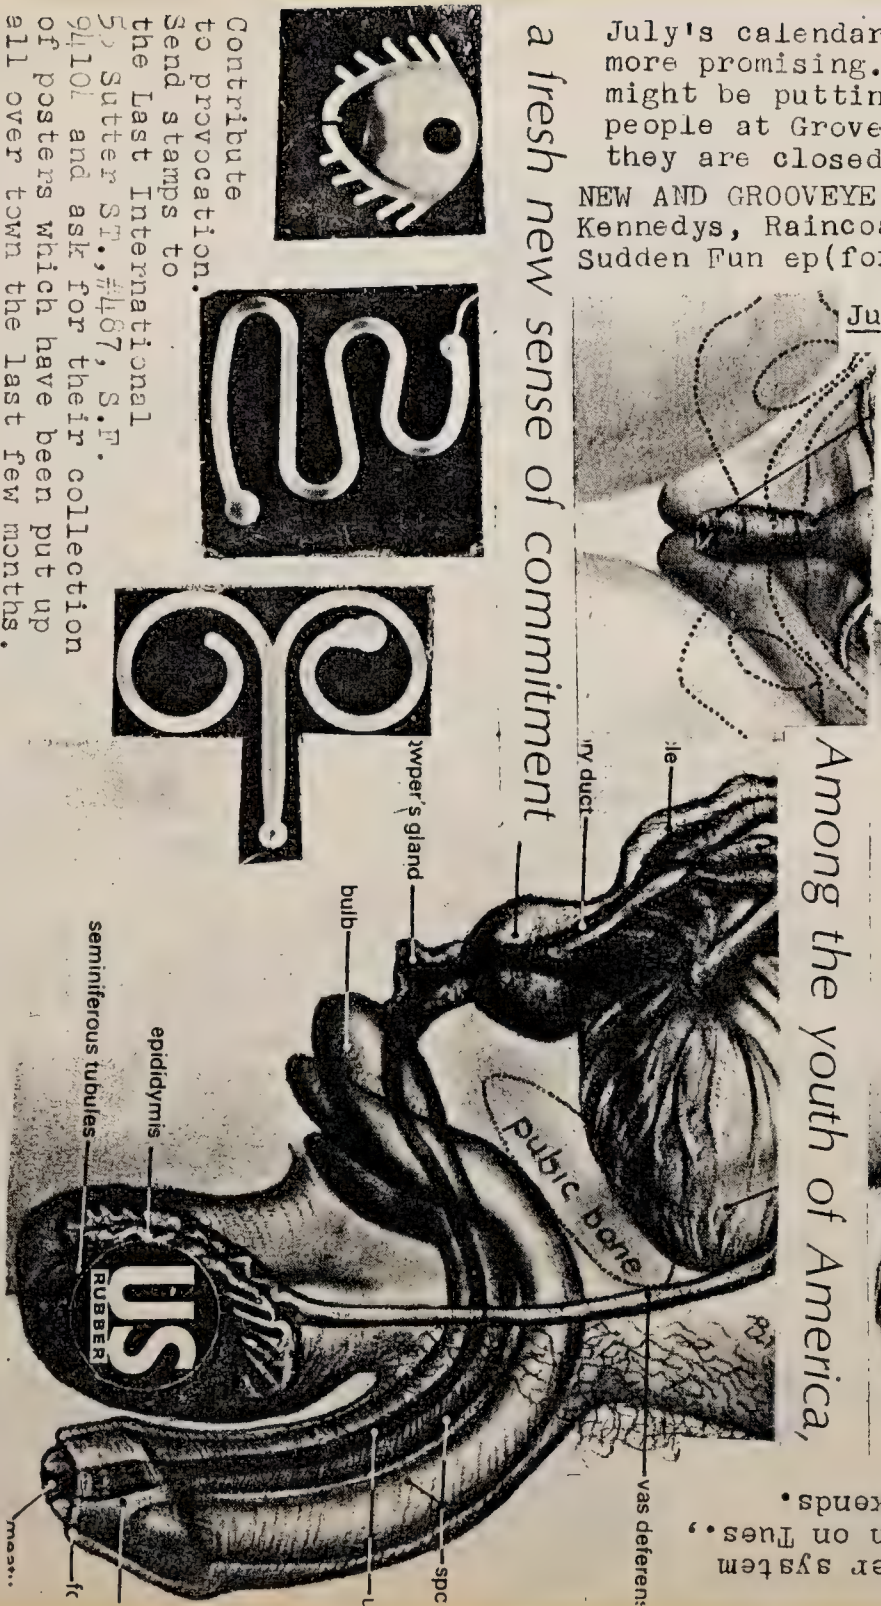

Jubilee shows every Saturday night at midnight at the Roxie Theatre.

July's calendar is a pretty vacant piece of scheduling, however August does look more promising. New Youth, at press date, didn't have access to any venues; they might be putting on more shows later in the month--look for publicity. The people at Grove St. are trying to clear up their problems with City Hall; so they are closed until further notice.

NEW AND GROOVEYE discs @ Aquarius include the new Iggy LP\*\*\*, Mutants, Dead Kennedys, Raincoats, new Clash ep, Pop Group LP, Peter Tosh 12-inch (that big, eh?) Sudden Fun ep(formerly Liars) and Forces of Victory by Linton Kwasi Johnson.

Among the youth of America,

Contribute to provocation. Send stamps to the Last International 50 Sutter St., #487, S.F. 94101 and ask for their collection of posters which have been put up all over town the last few months.

Snuky will be taking the money from his benefit and his band, the Alter Boys to NYC at the end of July to tour the place; also plans are in the works for the Alter Boys to do a single with Walking Dead Prod.

Let's get some more fun happening this summer, more outings, more all-night parties, Do alittle planning and send any news of a potentially humorous time to 2436 Jones, S.F. 94133 or leave a message at 397-1889.

MAY 21 RIOT DEFENSE FUND is holding a benefit at the Deaf Club on the 31st with the Offs, Blowdriers and 2 other bands. All the money made will go to helping defray legal costs and hospital bills of the people who were arrested and injured. Support the victims of law and order.

New club?? Beavers (next to the Old Waldorf) is opening on August 27 and is going to be open on Monday and Tuesday nights with d.j.'s playing only rock music and punk melodies, sometimes with live bands.

Johnny and Frannie Walker, Peter and Kathi, some of whom were formerly involved in Walking Dead Prod. have started in the booking business and plan a record label. In September, they plan on bringing Lora Logic, Red Crayola and Judy Nylon. For information, call them at 821-9474.

## Come to bore Country.

New and groovy tunes at AQUARIUS: Monochrome Set, new Siouxsie & Banshees 45, a new Wire single, Sordide Sentimentale by Throbbing Gristle, John Cooper Clarke live, Heartbreakers Live, Patrick Fitzgerald and of course, our own Mutants and Pink Section.

The Monkey Brothers are back in business and are set to install the sprinkler system at the Deaf Club! There will be shows every Friday and Saturday all this month, but all of them are not booked at this time.

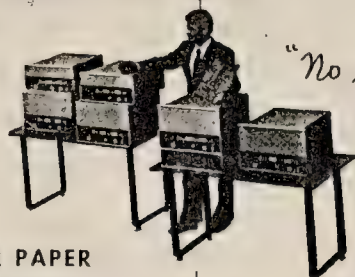

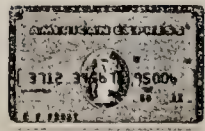

Dead Kennedys' first printing of 1,000 copies of their single sold out in 3 weeks; but another printing is on its way.

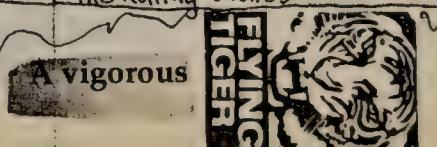

TRAVELLING TIPS: The Dead Kennedys are playing in L.A. with Vs. on the 17th and 18th. Offs are also playing there at the Hong Kong Cafe on the 25th and 26th. And the Mutants will be staging their New York invasion in early September. They'll be having a going away party at the Deaf Club sometime the end of this month, watch for flyers.

The La Loma club on 264 Valencia is planning on another show this month, probably on the 24th, so keep your eyes open. Great little place, but \$3 is too steep.

New Sounds at Aquarius: new Snakefinger and Reidents, Silicone Teens, Spizz Energy, Monitor, the re-release of Spiral Scratch by the Buzzcocks. Also on the way sometime this month are a new Slits LP, Siouxsie, Wire, and Buzzcocks.

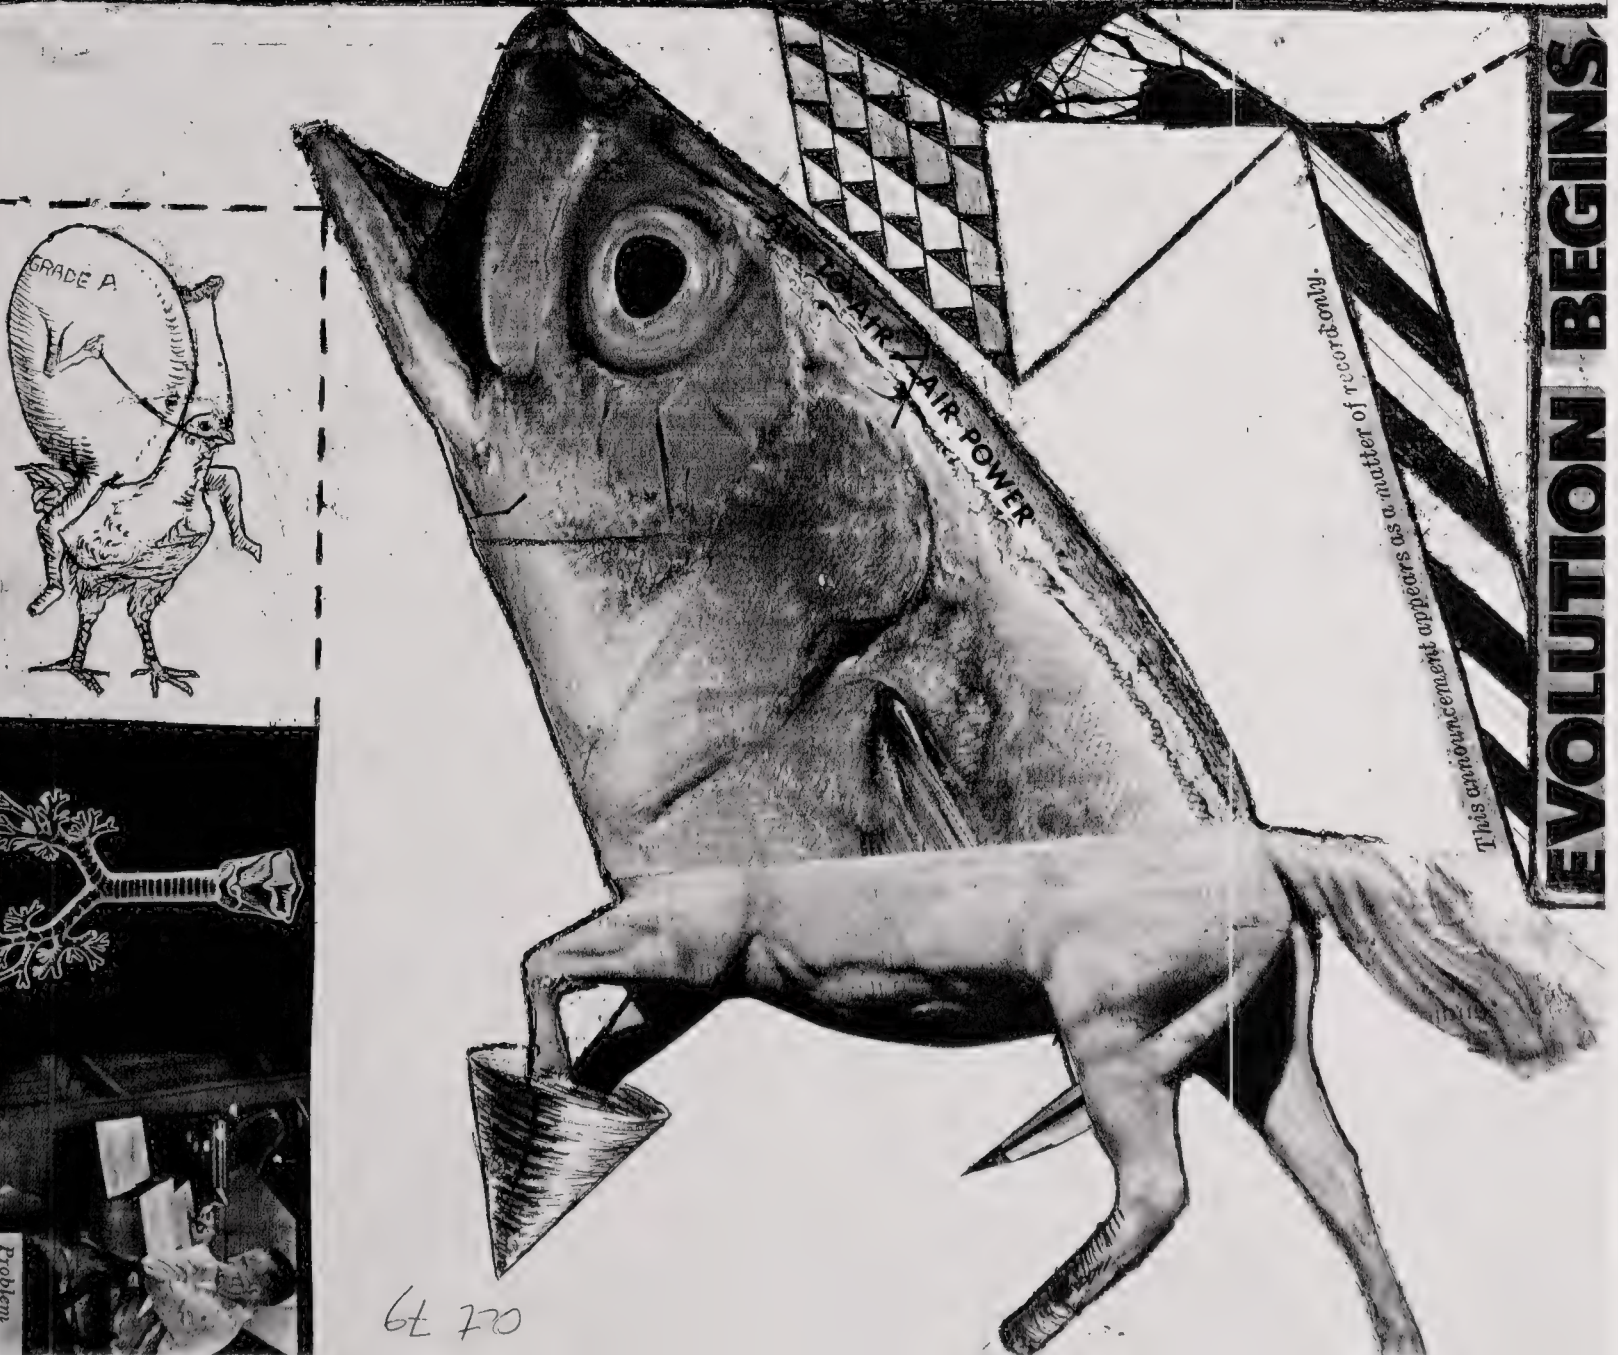

Check out this groovy new film series happening at the Theater of the Impossible, 775 Frederick every Sunday night at 7:00. Schedule is on the other side, but be prompt because they lock the doors at 7:00.

New Youth is putting together a communications network that everyone can use; it will be listings of bands, labels, promoters, stores, magazines, clubs, etc. for as many cities as possible. To get yourself or your organization listed, send all pertinent info to Sadie c/o New Youth Prod., Box 6029, S.F. 94101 or call her at 474-3925. Same goes to get yourself on the mailing list.

Renowned darbo Bruce Pollack is opening his new space, The A-Hole Gallery on the 11th. There will be assorted booze, performances, laughs, and nartwork. Get in on this early--the Mudd Club West! 527 3rd at Bryant.

Speaking of political harassment (and at election time!), the Bear Club has put over 15 shows in the last month with not a single complaint. Suddenly, after Joel Schmelvin writes up the Western Front in the Chronicle, Harahan has been receiving threatening phone calls from the noise abatement officer saying that he has a stack of complaints and the shows will not be allowed to happen. Needless to say, Miss Dianne might find it awfully embarrassing to be written up as busting deaf people and kids! For further information on the Western Front shows, call 397-1889.

Biafra's campaign staff needs more volunteers-- call Chi Chi at 431-7595.

Hire a Robot for Boring Work

Robots soon will take over half of all assembly-line jobs, a Michigan research group predicts. By 1990, workers in major industries will work alongside robots and other automated devices so efficient they will seem almost human, says a study, known as the Delphi Forecast, by the Society of Manufacturing Engineers and the University of Michigan. "The development of sensory techniques will enable robots to approximate human capability in assembly," the study says.

The ultimate self-help book is being produced by Pren-tice-Hall, reports Zodiac. Called Survival: A Manual on Manipulation, it promises to teach you to "totally dominate and control the lives of others." It warns that if you still believe in honesty and hard work "you're just not going to make it."

1839 Geary has been sold to a historical society--the end of shows is on the 22nd. Paul will continue to book and produce shows at different venues; he is putting on the Public Image show in Los Angeles; maybe one Up here?? The National Science Foundation shelled out \$65,100 to two University of Miami professors for what is loftily described as "Systematic Studies in the Genus Capsicum." This is an in-depth research boondoggle on the chili pepper. The year-long project will include study of the "evolutionary history" of the chili pepper; the two scholars will travel to Bolivia and Peru to trace the chili pepper's roots.

Bombs Are Their Business

LET'S SHAKE IT FIRST TO SEE IF IT REALLY IS A BOMB

ONCE I THOUGHT I WAS WRONG... BUT I WAS MISTAKEN

Scarcely a day goes by without some one somewhere attempting to set off a bomb of some sort.

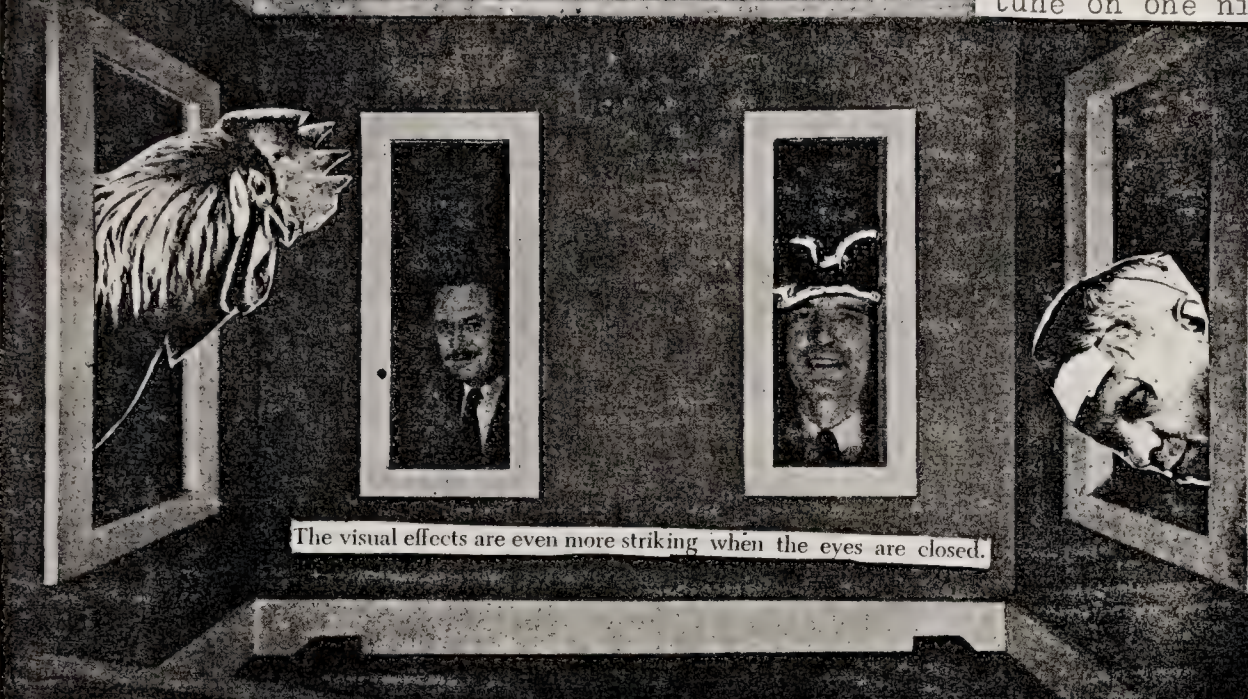

in L.A. for Thanksgiving weekend, leaving Friday, early to reserve your seat---Dale Hoyt--885-1945.

Club Generic is chartering a bus for a weekend returning on Sunday. \$25-round trip. Respond

WESTERN FRONT is Oct. 17-27--Some dates are listed, but call this number, 661-0469 for last-minute updates plus info about free shows yet to be scheduled. Also in planning is the idea of each venue handing out \$1.00 off coupons to other participating venues for the same night--that way, you don't have to spend your entire fortune on one night and still see two or three good shows.

## Three Glorious Days In a Nazi Prison

Salisbury, England

A former army sergeant  
thinks he has come up with the  
ideal British vacation — three  
days in an imitation Nazi prison  
camp.

"They'll have a horrible  
time and love every minute of  
it, or I'll want to know the  
reason why," said Bob Acra-  
man, 41.

Having taken over a former  
army camp on the bleak Salis-  
bury plain, he is inviting vaca-  
tioners to spend \$72 for three  
ember days behind barbed  
wire, guarded by gun-carrying  
guards in German uniforms and  
watchtowers around the perim-  
eter.

Acraman promises "a nice  
line in psychological interroga-  
tion" for vacationers who try to  
escape.

"There'll be plenty of fog,  
rain and frost for our 2 a.m.  
searches," he said.

"The food will be first-class  
prison nosh — thin soup and  
stale bread. And there'll be no  
fires in the huts."

Acraman claims demer-  
it for his vacation is heavy.

"There are plenty of crazy  
people around like me who love  
being locked up and made to  
suffer behind barbed wire," he  
said.

WEYHILL, England — Forty Britons who like vacations  
with a difference paid to spend the weekend shivering,  
underfed and shouted at — as prisoners of war in a Nazi-  
style camp reconstructed near this village in southern  
England. The camp, on the grounds of a former isolation  
hospital, was run by Bob Acraman, 41, a former British  
paratrooper who wore a German officer's uniform and  
commanded a crew of guards dressed in SS uniforms.  
There are no jolly times here," Acraman told reporters as  
he forced the guest prisoners to shift rubble, perform drill  
routines and undergo interrogations. "We are giving them a  
horrible time." "I do this just because I enjoy it," said one of  
the campers, a business executive.
